GENERAL DESCRIPTION

Lagoon 52S never used for charter: it is the ideal choice for your summer cruises or simple weekends away, with all the comforts of home. The layout with 4 double cabins and 4 bathrooms guarantees privacy and freedom with family or friends, while the dinette can be converted into an extra bed if necessary. Air conditioning (hot/cold) in every room, a watermaker, complete winter closure of the cockpit and wheelhouse, and solar panels allow you to enjoy the boat in every season, without limits, at your own pace.

Manoeuvring is simple and convenient thanks to the bow thruster and 3 electric winches, and the hydraulic platform that descends into the water transforms every stop in the harbour into a moment of pure pleasure, with diving and laughter shared with your guests.
